

## Utah Pack 5.0

In one word, « efficient » is the very definition of the Utah. Despite a very affordable price, the Utah lacks neither style nor performance. To preserve the coherence of the pack, the five Eltax speakers adopt a bass-reflex system. Once configured with your amplifier, these speakers produce bright and punchy bass, voices are loud and clear and surround effects effective. The Utah is clearly a high-quality product which aims to please.

- Powerful system
- High quality black ash finish
- 2-way bass-reflex floorstanding speakers
- Compact rear speakers
- Stunning value for money
